

Fenton Blue
The Fenton blue is a blue/green egg laying bird bred here on the farm. It will lay about 240 eggs a year, about 15-20% of the birds will lay a brown egg. It is a Cream Legbar cross normally with a crest or head tuft.

Light Sussex
Lays 240 brown eggs per year. Dual purpose bird and can grow to 8lbs in weight.

Rhode Rock
Rhode Rock are extremely hardy and disease resistant. Lays approximately 300-310 brown eggs per year, many being double yolkers.

Buff Orpington
A very docile and feathery bird with striking looks. It should lay about 180 light brown medium sized eggs in its first year.

Blue Belle
A beautiful blue/grey bird, derived from a Maran/Rhode Island Red. Lays 240 brown eggs, described as having a plum blush.

Speckledy
These are ideal for free range being very docile and friendly. They lay beautiful dark brown speckled eggs producing between 260 and 270 eggs a year.

Hybrid Rhode Island Red
Red feathers with black pearls around her neck. Also has a black tail and lays 280 to 290 rusty red brown eggs per year.

White Leghorn
White Leghorn lay 320 pure white eggs per year.
